Experience

Hacktoberfest - 2023

October 1 – October 31

Contributor

- Hacktoberfest is a global, month-long celebration of open-source software organized by DigitalOcean, open to participants worldwide.
- Taking place annually throughout October, this event aims to inspire and engage open-source developers to actively contribute to repositories by submitting pull requests (PRs).
- Throughout this event, individuals have the opportunity to champion open-source initiatives by actively making contributions, and in return, they can earn a distinctive digital reward.

Intern at CodSoft

August 2023 – September 2023

Front-End Web Developer Intern

- Developed proficiency in front-end technologies such as HTML, CSS, and JavaScript.
- Gained hands-on experience with popular web development frameworks and libraries.
- Designed and implemented responsive web pages, ensuring a seamless user experience across various devices.
- Engaged in code reviews to ensure code quality and adherence to best practices.

Projects

Portfolio Website / HTML, CSS, JAVASCRIPT

July 2023

- A personal portfolio serves as a timeless hub, showcasing a collection of my projects, case studies, and a comprehensive overview of my professional journey.
- A portfolio is a consolidated presentation of academic and professional materials that reflects my values, capabilities, qualifications, education, training, and real-world experiences.
- Link:- https://shivamraj31.github.io/Portfolio_Shivam/

Basic Calculator / HTML, CSS, JAVASCRIPT

August 2020

- A basic calculator is a tool designed for performing fundamental arithmetic operations on numbers.
- Its capabilities are limited to addition, subtraction, multiplication, and division, covering essential mathematical calculations.

Technical Skills

Languages: Python, Java, C++, HTML/CSS, JavaScript, SQL

Developer Tools: VS Code, MySQL Workbench, Eclipse, PyCharm

Technologies/Frameworks: Linux, GitHub, Bootstrap

Extracurricular Activity

Prayukti (A college-level technical fest)

2022

- Designed and fabricated a functional Remote-Controlled (RC) plane as a personal project.
- Demonstrated strong problem-solving skills by overcoming design challenges and ensuring successful completion of the project.
